

CARDANO STARTER KIT #005 | PLANNING CHECKLIST

The Gimbalabs Local ADA Spending Challenge

Your Challenge:

Go out into your community and spend some ADA. You can exchange ADA for goods or services, with business or with a neighbor.

To commemorate this challenge, Gimbalabs will mint 25 limited-edition tokens as soon as the Mary-era launches in Late January or Early February 2021. If you're one of the first 25 people to successfully complete the mission, we will send you 10 ADA and 1 commemorative token upon the launch of Mary.

Here, we provide a checklist for how to prepare to complete the challenge:

#1: Prep your mobile wallet - make sure that

- Your phone is charged
- Your Yoroi mobile wallet is loaded up with enough ADA to make a deal
- You know your spending password

#2: Prep your pitch

- What story will you tell about Cardano?
- What is the current price of ADA in your local currency?
- How will you talk about the value of ADA?

#3: Prep your tech support

- How will you talk about private keys?
- We recommend practicing this part beforehand.
- We also recommend showing up with a pen and paper

#4: Prep the next steps & follow up

- Customize the "[Merchant Worksheet](#)" - you can print a copy, or just make a template with pen and paper.
 - How will you offer to follow up?
 - What will you suggest as next steps?
-

When the challenge is complete, [go here to tell us about your success!](#)
